

# Pak to the future

February 13, 2020

**Let us take you on a journey to cloud. Get your Cloud Pak playbook ready and take a step behind the scenes at the Mercedes Benz stadium.**

## **Modernization, sustained through time.**

Register for your journey at our Delorean. Enjoy a photo op with the iconic classic car and get ready to take your business into the future. We will start with an introduction to IBM® Cloud Paks™ and share how IBM and Red Hat™ are poised to deliver the next-generation hybrid multicloud platform. IBM Cloud Paks are enterprise- ready containerized software solutions that give clients an open, fast and secure journey to cloud.

Next, experience the forward-looking signature features of the Mercedes-Benz Stadium, one of the most sustainable sports venues in the world. IBM is proud to be one of the 12 founding partners. Tour the locker rooms, interview room and field that is home to the NFL Atlanta Falcons and Atlanta United FC.

Come back to talk more about the future of cloud management. Beyond containers and Kubernetes, enterprises need to orchestrate their production topology, and provide management, security and governance for their applications. You'll see how to effectively plan your next move—to public, private or in between.

## **Together we rise**

Build once, deploy anywhere. The IBM Cloud Pak for Applications and the Cloud Pak for Multicloud Management team are up for a winning play. Create a practice plan to change the game for your business. Then, enjoy a reception on the field where the Falcons rise up.

Take pictures at your leisure, spend some more time in the Delorean and network with some of the greatest minds in IBM Cloud™.

Space is limited, reserve your seat.
